

## How Much Time do I Have to Certify?

You must submit your certification documents to the Sisterlocks Home Office within two years from your original training date/month. (Example: if trained 3/18-21/2017 the active period expires March 31st of 2019)

If you do not file your certification within that period you are “Late.” You can still certify in the normal way for up to 6 months, but you must pay the \$50 late fee.

If you still do not certify by the close of that 6 month period you are considered INACTIVE. If this happens, in order to certify you must first take a Refresher Class and prepay all fees, including late fees. (COURTESY EXTENSION POLICY)

Get your certification forms **HERE**.

Inactive? Want to get reinstated? **Click here**.
