

How Much Time do I have to Certify?

You must submit your certification documents to the Sisterlocks Home Office withing two years from your original training date/month. (Example: if trained 3/18 2024 the active period expires March 31st of 2024)

INITIAL CERTIFICATIONS: If you do not file your certification within that period, you are “INACTIVE.” (There is not grace period.) If this happens, in order to certify you must first take a Refresher Class and prepay all fees, including late fees.

RECERTIFICATIONS: You must submit your recertification paperwork by the expiration date on your latest certificate. (There is no grace period.) Files not received by that expiration date are considered “INACTIVE.”
